INFORMATION SHEET FOR CHILDREN

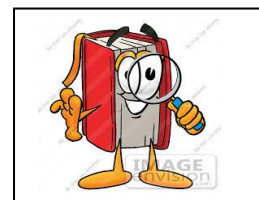

Effect of Nutritional Supplements on Energy Intake, Appetite, Lipid Profile and Micronutrient Status of Moderate Underweight Children

Aqsa Zubair, Fouzia Nawab, Meera Tanveer and Akhlaq Ahmed M.Phil Scholars, IBMS, Khyber Medical University, Peshawar

We would like to ask if you would like to take part in our research. Before you join us we would like you to know about our research. You are free to ask any question which can help you to understand better. Below is some information which might help you to know about our work and your participation in our project.

What is a research study?

A research study is a way to find out something new about something.

Why am I being asked to participate in this study?

We have set criteria for children who can take part in this study. You fulfill our inclusion criteria therefore you are asked to take part in this study.

Why is this study being done?

This study will help us to determine the effect of high energy supplements on malnourished children.

If I join the study, what I will be asked to do?

For this study you will be asked to come to a metabolic room in Khyber Medical University, where you will spend a day with us. We will offer you breakfast and lunch of your choice. You will also get the opportunity to play and watch your favorite cartoon movies.

Moreover, you will have to fill the questionnaires, take porridge and your blood samples will be collected.
