

Information Sheet:

Thank you for participating in this research study.

You are now in phase III of this study, which you will be required to fill up Reported and Intended Behaviour Scale (RIBS) for the third time.

We will be providing you a Certificate of Appreciation (hard copy) after submission of this form. However, this might take some time and we thank you for your patience.

Risks and Benefits:

There is no known risk to participate in this research study. However, if you have been affected by any of the topics indirectly through video presentation, please see a list of professional service providers (see below). Alternatively, you may contact the researcher, details of which are documented at the end of this information sheet.

By participating in this study, you will contribute in helping us to recognise the effective way to improve social attitude towards mental illness. We will provide a certificate of appreciation for your active participation.

Do you have to take part?

Participation in this study is voluntary. Should you decide to participate, you can still withdraw from the study without penalty. Your data will not be used and will be discarded. The researcher may also remove you from the study for a variety of reason.

Data & Confidentiality:

The data from this study will be made into a report which may be published. Access to the data is only by the research team and the REC UKM. The data will be reported in a collective manner with no reference to an individual. Hence your identity will be kept confidential.

Payment and compensation:

You do not have to pay nor will you be paid to participate in this study.

Who can I ask about the study?

If you have any questions, you can direct them to the research team. You can also contact the REC UKM for clarifications.
