

## SPIRIT Addendum: Schedule of Enrolment, Interventions, and Assessments

**Study: Topical polyherbal phytopreparation as an adjunct to scaling and root planing in patients with periodontitis: randomized controlled clinical study**

### 1. Trial schedule table (SPIRIT figure)

Timepoint	Screening / Baseline (T0)	Treatment period (SRP days 1–5)	Follow-up 1 month (T1)
Enrolment	X		
Informed consent	X		
Eligibility assessment	X		
Randomization / allocation	X		
Medical/dental history	X		
Clinical periodontal exam (GI, PPD)	X		X
Cytomorphometric sampling (gingival swab)	X		X
Scaling and root planing (SRP)		X	
Adjunct phytopreparation application (experimental arm only)		X	
Adverse event monitoring	X	X	X

Data entry / CRF completion	X	X	X
-----------------------------	---	---	---

## **2. Notes for registry upload**

This schedule is prepared in line with the SPIRIT (Standard Protocol Items: Recommendations for Interventional Trials) guidance to improve transparency and clarity of study conduct.
