

WelCaVa: Your well-being, our concern!

ABOUT THE STUDY

WHO CAN PARTICIPATE?

Are you pregnant, do you have a heart and/or vascular condition and are you being followed by a cardiologist and gynaecologist? Then we are looking for you!

AIM OF THE STUDY

The purpose of this study is to evaluate the follow-up care you received based on

- General information about you
- Clinical data
- Questionnaires about your social and psychological wellbeing

WHAT DO WE WANT FROM YOU?

You will be asked to complete an online questionnaire at least 1 and no more than 3 times before and 3 times after the birth, taking a maximum of 30 minutes.

WHY PARTICIPATE?

Your **perspective** on the care you receive is unique and therefore important.

Your social and **psychological well-being** is very **important** to us, in addition to the clinical follow-up of your physical well-being.

Your participation will **help shape** the **care** of pregnant women with heart and/or vascular disease in the future.

Help give pregnant women with cardiovascular disease the attention they deserve!
