the boxes if
you agree:

1.	I have read and understood the RiGD-2 Legal Representative Information Sheet version _____, dated _____.	
2.	I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.	
3.	I understand that The Individual's participation is voluntary. I am free to withdraw The Individual from the trial at any time without giving a reason and their medical care and legal rights will not be affected.	
4.	I understand that if The Individual is female, they will need to provide a urine/blood sample for pregnancy testing. This will allow the doctors to confirm their eligibility for the trial. (for Individuals who are male please put 'N/A')	
5.	I understand that the Individual will have Tuberculosis and Hepatitis screening as part of the eligibility assessment.	
6.	If The Individual chooses to engage in sexually activity, I agree to support the required use of a highly effective contraception method for the duration of the trial (information can be found in appendix of Patient Information Sheet).	
7.	I agree to The Individual's General Practitioner being informed of their participation in the trial.	
8.	I agree to allow The Individual to have blood taken at each visit to check how they are doing and see if their medication dose needs to be changed.	
9.	I agree to allow The Individual to complete the trial questionnaires over the duration of the trial.	
10.	I agree for information about The Individual to be stored on an external secure database called Ennov™. The Individual will be identified on this database by a unique code instead of their name. The Individual's age, sex at birth, height, weight, ethnicity, postcode, health information, blood results, current medications and information related to their Grave's Disease will be collected and stored.	
11.	I agree for my email address and mobile number to be collected and stored on Ennov™ for the trial research team to contact me for the purpose of	

	The Individual completing trial questionnaires. Only the trial research team at The Individual's hospital will be able to see this information about me.	
12.	I agree that the research team can email trial documents/ trial links to me at my email address, mobile phone or can post trial documents to my home address, if required.	
13.	I agree to the continued research use and long-term storage of all The Individual's de-identified information and samples already collected should I lose capacity or The Individual's withdrawal from the trial.	
14.	I understand that relevant sections of The Individual's medical notes and data collected during the trial, may be looked at by individuals from the Sponsor (who has overall responsibility for the trial), from Newcastle Clinical Trials Unit (who is managing the trial), from regulatory authorities such as the Health Research Authority or the Medicines and Healthcare products Regulatory Agency or from the NHS Trusts undertaking the trial, where it is relevant to The Individual taking part in this research. I give permission for these individuals to have access to The Individual's records and data collected during the trial.	
15.	I agree that the information collected about The Individual for the trial can be shared with other researchers (including researchers outside of the UK) at the end of the trial. I understand this information will be anonymised and transferred securely.	
16.	I agree to the information provided and this signed consent form being stored for 25 years after the end of the trial.	
17.	I agree for a copy of this consent form to be sent securely to the Newcastle Clinical Trials Unit (NCTU) for safety purposes. I understand the copy will be destroyed once it has been checked by NCTU.	
18.	I understand that anonymised data from the trial will be published in medical journals and at research meetings both within and outside the UK.	
19.	I understand that data from the trial will be de-identified and some anonymised data will be stored in public databases, but that The Individual will not be directly identified in this dataset or published results.	
20.	I understand that any personal information collected about me or The Individual for the trial will be kept confidential and will not be made public.	
21.	I agree for The Individual to take part in the RiGD2 trial.
