

THE UNIVERSITY
of EDINBURGH

Study Title: Development of an online self-directed Acceptance and Commitment Therapy (ACT) intervention to improve ability to cope and quality of life after bereavement

Researchers

Dr Anne Canny: anne.canny@ed.ac.uk

Dr Anne Finucane: a.fincuane@ed.ac.uk

Dr David Gillanders: david.gillanders@ed.ac.uk

Participant name: _____

Consent Form – Bereaved Individual

	Please tick the box	
1. I confirm that I have read and understood the participant information sheet (Version 2, dated 18.09.2023) for the above study.	Yes	No
2. I have had the opportunity to consider the information provided, ask questions about my participation in the study and these have been answered satisfactorily.	Yes	No
3. I understand that my participation is voluntary and that I am free to withdraw at any time without giving any reason and without my support from Marie Curie or Cruse Scotland bereavement support services being affected.	Yes	No
4. I understand that I can request that my data is withdrawn during the two to three weeks following my interview or focus group but that once my data is anonymised it will not be possible for me to withdraw the use of my data.	Yes	No
5. I understand that relevant sections of data collected during the study may be looked at by individuals from the Sponsor (University of Edinburgh) or from regulatory authorities relevant to my taking part in this research. I give permission for these individuals to have access to my data.	Yes	No
6. I understand that my anonymised data will be stored for a minimum of three years and may be used in future ethically approved research and for educational purposes. Identifiable data will be retained for a period of one year.	Yes	No

My Grief My Way study protocol V2 18 September 2023 – Appendix 6: Consent Form - Bereaved Individual.

7. I agree to my interview being audio and video recorded. I am aware that I can turn my camera off if I wish.	<input type="checkbox"/>	<input type="checkbox"/>
	Yes	No
8. By ticking this box I agree to take part in the above study.	<input type="checkbox"/>	<input type="checkbox"/>
	Yes	No
