

A longitudinal cohort study of urological complications predictable by pre-transplant lower urinary tract symptoms (SCOPE study)

Chief investigator: David Kingsmore

Participant Identification Number:

Participant name:

Please initial each box if you agree with the following statements.

I confirm that I have been given, read and understood the Participant Information Sheet (PIS) Version 1.0 dated 24/05/2026 for the above study and Privacy notice V1 and have been offered the opportunity to ask questions.			
I understand that my participation is voluntary and that I am free to withdraw at any time, for any reason.			
I understand that there will be no effect on the care I receive as a consequence of my participation or non-participation.			
I understand that relevant sections of my medical notes and data collected during the study, may be looked at by individuals from regulatory authorities or from the NHS Trust, where it is relevant to my taking part in this research. I give permission for these individuals to have access to my records.			
I understand that the information collected about me will be used to support future ethically approved research and may be shared anonymously with other researchers.			
I agree to the study team having my phone number for the purpose of contacting me during the study.			
I am aware that the data collected will be treated as confidential and kept secure at all times.			
I understand that data may be used in future publications both in print and online.			
I understand that my anonymised data will be held securely for up to 10 years after the study ends.			
I consent to participate in the study			
I wish to be informed of the results of the study	<table border="1"> <tr> <td>Yes</td> <td>No</td> </tr> </table>	Yes	No
