

HAVE YOU BEEN DIAGNOSED WITH A **BRAIN TUMOR (GLIOMA)** AND HAD SURGERY LESS THAN 12 WEEKS AGO?

We are looking for people to participate in a clinical study of telerehabilitation and exercise

THIS RESEARCH STUDY INVOLVES:

- Participating in an 8-week telerehab program or self-directed exercise
- 5 virtual evaluation sessions
- 1 follow-up interview

YOU MAY BE ELIGIBLE IF YOU:

- Are 18 years of age or older
- Have been diagnosed with a glioma in your brain (also known as glioblastoma, astrocytoma and oligodendroglioma)
- Had brain surgery less than 12 weeks ago
- Will receive radiation therapy for your brain tumour
