

## INFORMED CONSENT FORM

Participant Identification Number:

Study title: Characterising neutrophil serine protease activity in type 2 low asthma

Study Researcher: Dr Rory Chan

Sponsors: University of Dundee

Please initial box

1. I confirm that I have read the Participant Information Sheet version \_\_\_\_\_ date \_\_\_\_\_ for the above project. I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.
2. I understand that my participation is voluntary and that I am free to withdraw at any time without giving any reason, without my medical care or legal rights being affected.
3. I understand that personal data about me and research data collected during the study will be stored by the University of Dundee.
4. I understand that relevant sections of my medical records and data collected during the study may be reviewed by the Researcher and/or research team, the Sponsor, or regulatory authorities where it is relevant to my participation in this research. I give permission for them to access this information.
5. I understand that the research data collected from me during this study may be used to support other research in the future. I understand that this data may be shared in pseudonymised form with other researchers or collaborators.
6. I agree to my General Practitioner being informed of my participation in the study, including any necessary exchange of information about me between my GP and the research team.
7. I give permission for researchers to take blood and sputum samples for use in this study, which may include genetic analysis.
8. I agree that any of my samples remaining after this study may be stored and used to support future research that has been ethically approved.
9. I agree to take part in the above study.
