Would your school like to take part in this initial pilot study? Schools will be randomly selected to either the: **Intervention group:** Sending reminders to parents or carers of pupils with asthma to take their medication before and during the summer holidays (approximately three prompts in total). **Control group:** Continuing with usual practice. No reminders sent during the study. Both groups will send anonymised absence records for Autumn terms 2025 and 2026.	☐ Yes ☐ No If no, please tell us why:
If this study is successful, would you be willing to participate in a wider trial in the future to help asthma prevention in pupils?	☐ Yes ☐ No If no, please tell us why:

Thank you for your time and for supporting this research!
