

Study Title: Sensitivity of the front part of the eye and its association with dry eye

Participants

Baseline Characteristics

Table 1 - Gender and Age of Study Population

	Overall
N	80
Gender	
Female	52 (65%)
Male	28 (35%)
Age	
Mean	53.2
Std. Dev	13.8

Outcome Measures

Primary Outcome Measure – Corneal Sensitivity

Table 2 – Corneal Sensitivity (scc/m)

N	80
Mean	126
Median	103

Table 3 – OSDI score

N	80
Mean	26.8
Median	20.6

Adverse Events

There were no adverse events reported in the study.
