# Study information

## Scientific Title

## Study objectives

Primary goal: to investigate the attitudes of practicing family physicians toward residency research education

Secondary goal: to assess the effect of survey paper colour on overall response rate

## Ethics approval required

Old ethics approval format

## Ethics approval(s)

Approved by Research Ethics Board at Sunnybrook (Canada) and by Women's College Health Sciences Centre (Canada) on November 7, 2005 (Protocol #447-2005)

## Study design

Postal survey

## Primary study design

Interventional

## Secondary study design

Cross-section survey

## Study setting(s)

GP practice

## Study type(s)

Other

## Participant information sheet

## Health condition(s) or problem(s) studied

Research education during family medicine residency

## Interventions

Randomly varied the colour on which the survey questionnaire was printed (five colours)

## Intervention Type

Other

## Phase

Not Specified

## Primary outcome measure

Attitudes of practicing family physicians toward research education during family medicine residency

**Secondary outcome measures**

Survey response rate

**Overall study start date**

01/01/2006

**Completion date**

31/12/2006

## **Eligibility**

**Key inclusion criteria**

1. Practicing Canadian family physician
2. Certified by College of Family Physicians of Canada
3. English as first language

**Participant type(s)**

Patient

**Age group**

Adult

**Sex**

Both

**Target number of participants**

500

**Key exclusion criteria**

1. Registered as emergency room physician
2. French as first language

**Date of first enrolment**

01/01/2006

**Date of final enrolment**

31/12/2006

## **Locations**

**Countries of recruitment**

Canada

**Study participating centre**

2075 Bayview Avenue

Toronto, ON

Canada

M4N 3M5
