ClinicalTrials.gov number

**Secondary identifying numbers**  
PSI03-33

## Study information

## **Scientific Title**

### **Study objectives**

Comparison of real time teledermatology with outpatient dermatology in terms of clinical outcomes, cost-benefits, and patient reattendance.

### **Ethics approval required**

Old ethics approval format

### **Ethics approval(s)**

Received from local medical ethics committee

### **Study design**

Randomised controlled trial

### **Primary study design**

Interventional

### **Secondary study design**

Randomised controlled trial

### **Study setting(s)**

Other

### **Study type(s)**

Diagnostic

## **Participant information sheet**

### **Health condition(s) or problem(s) studied**

Skin and connective tissue diseases

### **Interventions**

Patients randomised to a teledermatology consultation attended their own health centre and, in the company of a general practitioner, were seen by a hospital dermatologist over the videolink. Patients randomised to a hospital consultation were seen by the dermatologist in the outpatient department as normal. The dermatologist recorded a diagnosis, management plan, clinical outcome of consultation, and length of consultation time. All patients received an accelerated referral and were seen within 10 days.

### **Intervention Type**

Other

### **Phase**

Not Applicable

### **Primary outcome measure**

1. Reported clinical outcome of initial consultation
2. Primary care and outpatient reattendance data
3. Cost-benefit analysis of both methods of delivering care

**Secondary outcome measures**

Not provided at time of registration

**Overall study start date**

01/06/1995

**Completion date**

01/12/2000

## Eligibility

**Key inclusion criteria**

204 general practice patients requiring referral to dermatology services; 102 were randomised to teledermatology consultation and 102 to traditional outpatient consultation.

**Participant type(s)**

Patient

**Age group**

Not Specified

**Sex**

Both

**Target number of participants**

204

**Key exclusion criteria**

Does not match inclusion criteria

**Date of first enrolment**

01/06/1995

**Date of final enrolment**

01/12/2000

## Locations

**Countries of recruitment**

Northern Ireland

United Kingdom

**Study participating centre**
