Health condition(s) or problem(s) studied

Oral Health: Orthodontics

Interventions

Randomized Controlled Clinical Trial

Intervention Type

Other

Phase

Not Specified

Primary outcome measure

1. To determine the effect of a patient information leaflet produced by Liverpool University Dental Hospital (LUDH) entitled "Your first visit to the Orthodontist" on patients' knowledge of

the situation and subject

2. To determine whether an increase in patient knowledge leads to an improved satisfaction in the outcome of the consultation

Secondary outcome measures

Not provided at time of registration

Overall study start date

01/10/2003

Completion date

01/10/2004

Eligibility

Key inclusion criteria

Patients (children/adolescents over the age of 11 years and adults) attending for a new patient consultation appointment following referral from their general dental practitioner

Participant type(s)

Patient

Age group

Mixed

Sex

Both
