Study objectives

Do Patient Leaflets Inform?

Ethics approval required

Old ethics approval format

Ethics approval(s)

Not provided at time of registration

Study design

Randomised controlled trial

Primary study design

Interventional

Study type(s)

Other

Health condition(s) or problem(s) studied

Oral Health: Orthodontics

Interventions

Randomized Controlled Clinical Trial

Intervention Type

Other

Phase

Not Specified

Primary outcome(s)

- 1. To determine the effect of a patient information leaflet produced by Liverpool University Dental Hospital (LUDH) entitled "Your first visit to the Orthodontist" on patients' knowledge of the situation and subject
- 2. To determine whether an increase in patient knowledge leads to an improved satisfaction in the outcome of the consultation

Key secondary outcome(s))

Not provided at time of registration

Completion date

01/10/2004

Eligibility

Key inclusion criteria

Patients (children/adolescents over the age of 11 years and adults) attending for a new patient consultation appointment following referral from their general dental practitioner

Participant type(s)

Patient

Healthy volunteers allowed

No

Age group

Mixed

Sex

All

Key exclusion criteria

Does not meet inclusion criteria

Date of first enrolment

01/10/2003

Date of final enrolment

01/10/2004
