Study design

Randomised controlled trial

Primary study design

Interventional

Secondary study design

Randomised controlled trial

Study setting(s)

GP practice

Study type(s)

Not Specified

Participant information sheet

Health condition(s) or problem(s) studied

Not Applicable: Service delivery

Interventions

1. A visit to the practice to put a poster on the staff notice board and to give individual GPs a folder containing publicity material for the library
2. An email to each GP publicising library services
3. Control group - no publicity

Intervention Type

Other

Phase

Not Specified

Primary outcome measure

To check databases to see if there has been an increased use by GPs and to establish the most effective intervention.

Secondary outcome measures

Not provided at time of registration

Overall study start date

01/03/2004

Completion date

30/03/2004

Eligibility

Key inclusion criteria

GP practices will be randomly selected to receive one of 3 interventions.

Participant type(s)

Patient

Age group

Not Specified

Sex

Not Specified

Target number of participants

GP practices in Cornwall.

Key exclusion criteria
