A randomised double blind placebo controlled trial of the efficacy of prophylactic adrenaline in the prevention of adverse reactions to anti snake venom (ASV)

Submission date	Recruitment status	[X] Prospectively registered
20/09/2005	No longer recruiting	☐ Protocol
Registration date	Overall study status	Statistical analysis plan
29/09/2005	Completed	Results
Last Edited	Condition category	☐ Individual participant data
15/09/2009	Injury, Occupational Diseases, Poisoning	Record updated in last year

Plain English summary of protocol

Not provided at time of registration

Contact information

Type(s)

Scientific

Contact name

Dr Joseph Joseph

Contact details

Little Flower Hospital and Research Centre Kalady Road Angamaly Kerala India 683572

Additional identifiers

Protocol serial number N/A

Study information

Scientific Title

Study objectives

That subcutaneous prophylactic adrenaline reduces the number of adverse anti snake venom reactions

Ethics approval required

Old ethics approval format

Ethics approval(s)

Not provided at time of registration

Study design

Randomised controlled trial

Primary study design

Interventional

Study type(s)

Prevention

Health condition(s) or problem(s) studied

Anaphylactoid or Pyrogenic reactions to anti snake venom

Interventions

Subcutaneous Adrenaline will be administered before ASV. Control: Placebo. All outcomes will be monitored.

Intervention Type

Drug

Phase

Not Specified

Drug/device/biological/vaccine name(s)

Adrenaline

Primary outcome(s)

Level of adverse reactions

Key secondary outcome(s))

Severity of reactions

Completion date

01/10/2008

Eligibility

Key inclusion criteria

- 1. Snakebite with systemic symptoms
- 2. Requirement for ASV
- 3. Consent

Participant type(s)

Patient

Healthy volunteers allowed

No

Age group

Adult

Sex

All

Key exclusion criteria

- 1. Severe atopic diseases such as asthma
- 2. Acute cardiac conditions
- 3. Pregnant women and children <15 years

Date of first enrolment

01/10/2005

Date of final enrolment

01/10/2008

Locations

Countries of recruitment

India

Study participating centre Little Flower Hospital and Research Centre
