# Study information

## Scientific Title

### Study objectives

The feasibility of a proposed large-scale study to evaluate the effectiveness of liaison psychiatry in general practice by randomly allocating GP practices to (a) psychiatric services delivered to primary care (experimental group) and (b) psychiatric services delivered in secondary care (control group), will be examined in the study.

### Ethics approval required

Old ethics approval format

### Ethics approval(s)

Not provided at time of registration

### Study design

Randomised controlled trial

### Primary study design

Interventional

### Secondary study design

Randomised controlled trial

### Study setting(s)

GP practice

### Study type(s)

Treatment

### Participant information sheet

### Health condition(s) or problem(s) studied

Schizophrenia and other psychoses; depression, anxiety, neuroses

### Interventions

1. Psychiatric services delivered to primary care (experimental group)
2. Psychiatric services delivered in secondary care (control group)

### Intervention Type

Other

### Phase

Not Applicable

### Primary outcome measure

1. Clinical psychopathology
2. Social adjustment

- 3. Service costs
- 4. Service satisfaction.

### **Secondary outcome measures**

Not provided at time of registration

### **Overall study start date**

30/04/1998

### **Completion date**

31/12/1998

## **Eligibility**

### **Key inclusion criteria**

Patients with mental health problems who had been referred to psychiatric services in the last 6 months.

### **Participant type(s)**

Patient

### **Age group**

Adult

### **Sex**

Both

### **Target number of participants**

84 (added 07/01/10)

### **Key exclusion criteria**

Does not match inclusion criteria

### **Date of first enrolment**

30/04/1998

### **Date of final enrolment**

31/12/1998

## **Locations**

### **Countries of recruitment**

England

United Kingdom

### **Study participating centre**

**St Mary's Hospital Medical School**  
London  
United Kingdom  
W2 1PD

## **Sponsor information**
