Study information

Scientific Title

Effectiveness of the tailored evidence based practice (EBP) training program for Filipino physiotherapists: a randomised controlled trial

Acronym

EBP for FilPTs

Study objectives

Study hypotheses:

1. The evidence based practice training program (EBP for FilPTs) will result in significant improvement in knowledge, skills, attitudes and behaviour of Filipino physiotherapists
2. The EBP training program (EBP for FilPTs) will be a tested model of continuing education and uptake of evidence which is contextually relevant to Filipino physiotherapists, and which could be adapted readily for physiotherapists from other developing countries, and allied health professionals who are not first contact practitioners in any health care system

Health condition(s) or problem(s) studied

Evidence-based practice in physiotherapists

Interventions

The intervention is the tailored Evidence Based Practice (EBP) training program named as the EBP for FilPTs. The intervention is to be tested against a waitlist control group. The intervention is to be conducted as a one-day training, in a seminar workshop format and participants will be monitored on a 3-month period.

Intervention Type

Other

Phase

Not Applicable

Primary outcome measure

1. Knowledge and skills to EBP (measured by the Adapted Fresno Test) - measured at baseline, post one day intervention and after the 3 month monitoring
2. Attitudes to EBP (Questions on attitudes by Stevenson et al 2004) - measured at baseline, post one day intervention and after the 3 month monitoring
3. Behaviour (Activity diaries) - 3 month monitoring

Secondary outcome measures

No secondary outcome measures

Overall study start date

01/02/2011

Completion date

31/10/2011

Eligibility**Key inclusion criteria**

1. Licensed to practice physiotherapy and trained in the Philippines
2. Have not ever participated in any formal EBP training
3. Aged 20 years and over, either sex

Participant type(s)

Patient

Age group

Adult

Sex

Both

Target number of participants

54

Key exclusion criteria

Does not meet inclusion criteria

Date of first enrolment
