## Study information

**Scientific Title**

The efficiency of Nurse Specialist led preoperative education for children and their parents in a day surgery unit who are going to surgical operations in reducing the perioperative time

**Study objectives**

If children and their parents receive preoperative education from the Specialist Theatre Nurse then the perioperative time for those patients will differ from those who don't.

**Ethics approval required**

Old ethics approval format

**Ethics approval(s)**

Not provided at time of registration

**Study design**

Randomised controlled trial

**Primary study design**

Interventional

**Study type(s)**

Other

**Health condition(s) or problem(s) studied**

Surgery

**Interventions**

Randomised controlled trial - quantitative data collection.

**Intervention Type**

Procedure/Surgery

**Phase**

Not Specified

**Primary outcome(s)**

Education children and parents pre-operative will help to minimise perioperative time. Outcome measure is arrival time in theatre.

**Key secondary outcome(s)**

Not provided at time of registration

**Completion date**

01/12/2005

**Eligibility****Key inclusion criteria**

Patients aged from 0-15 years old from Day Surgery Units (Ward 16) at Birmingham Children's Hospital.

**Participant type(s)**

Patient

**Healthy volunteers allowed**

No

**Age group**

Child

**Upper age limit**

15 years

**Sex**

Not Specified

**Key exclusion criteria**

No informed consent.

**Date of first enrolment**

01/06/2005

**Date of final enrolment**

01/12/2005
