# Study information

## Scientific Title

The standard of patient care is equivalent between a nurse consultant and a junior doctor in a dedicated ophthalmic accident and emergency department. A randomised controlled trial assessing the clinical effectiveness of a nurse consultant or junior doctor

## Study objectives

Is the standard of patient care equivalent between a nurse consultant and junior doctors in a dedicated ophthalmic accident and emergency department?

## Ethics approval required

Old ethics approval format

## Ethics approval(s)

Not provided at time of registration

## Study design

Randomised controlled trial

## Primary study design

Interventional

## Study type(s)

Treatment

## Health condition(s) or problem(s) studied

Eye Diseases: Service delivery

## Interventions

Nurse consultant vs junior doctor. RCT part of the study abandoned in October 2007.

## Intervention Type

Other

## Phase

Not Specified

## Primary outcome(s)

Not provided at time of registration

## Key secondary outcome(s)

Not provided at time of registration

## Completion date

01/09/2008

## Eligibility

**Key inclusion criteria**

Not provided at time of registration

**Participant type(s)**

Patient

**Healthy volunteers allowed**

No

**Age group**

Not Specified

**Sex**

Not Specified

**Key exclusion criteria**

Not provided at time of registration

**Date of first enrolment**

01/02/2007

**Date of final enrolment**

01/09/2008

**Locations****Countries of recruitment**

United Kingdom
