## Additional identifiers

**EudraCT/CTIS number**

**IRAS number**

**ClinicalTrials.gov number**

**Secondary identifying numbers**
422018

## Study information

## Scientific Title

## Study objectives
Not provided at time of registration.

## Ethics approval required
Old ethics approval format

## Ethics approval(s)
Not provided at time of registration.

## Study design
Randomised controlled trial

## Primary study design
Interventional

## Secondary study design
Randomised controlled trial

## Study setting(s)
Not specified

## Study type(s)
Not Specified

## Participant information sheet

## Health condition(s) or problem(s) studied
Gerentology, orthopaedics

## Interventions
The patients will be randomized into two groups:
1. EHRP Group, the study group, where the patient is discharged (within 2-3 weeks post-surgery) when he/she could walk independently with a quadripod
2. TRP Group, the control group, where the patient is discharged (within 4-5 weeks post-surgery) when he/she could walk independently with a stick or without any other walking aids

## Intervention Type
Other

## Phase
Not Specified

## Primary outcome measure
Not provided at time of registration.

## Secondary outcome measures
Not provided at time of registration.

### Overall study start date
01/04/2001

### Completion date
30/04/2002

## Eligibility

### Key inclusion criteria
1. Geriatric patients less than 85 years of age with femoral-neck fractures
2. Patients who had Austin Moore Arthroplasty, Cemented Thompson replacement, internal fixation with hip screws or dynamic hip screw surgery
3. Patients who, pre-morbidly, could walk without support or with a stick
4. Patients with no active medical problems detected
5. Practice full weight bearing walking immediate post-operation, and
6. Patients living with family members

### Participant type(s)
Patient

### Age group
Not Specified

### Sex
Not Specified

### Target number of participants
Not provided at time of registration.

### Key exclusion criteria
Does not meet inclusion criteria

### Date of first enrolment
01/04/2001

### Date of final enrolment
30/04/2002

## Locations

### Countries of recruitment
China

Hong Kong

### Study participating centre
Physiotherapy Department
