Study information

Scientific Title

Phase I trial: Ocular Technology Group International

[The full scientific title will be published within 30 months after the end of the trial]

Study objectives

The Health Research Authority (HRA) has approved deferral of publication of the full details of the trial. The full details will be added to the study record within 30 months after the trial has ended.

Ethics approval required

Ethics approval required

Ethics approval(s)

approved 22/05/2023, South East Scotland Research Ethics Committee 02 (2nd Floor, Waverley Gate 2-4 Waterloo Place., Edinburgh, EH1 3EG, United Kingdom; 01315369000; ruth. fraser4@nhslothian.scot.nhs.uk), ref: 23/SS/0051

Study design

Non dispensing prospective, contralateral study design in 20 participants

Primary study design

Interventional

Study type(s)

Other

Health condition(s) or problem(s) studied

The Health Research Authority (HRA) has approved deferral of publication of the full details of the trial. The full details will be added to the study record within 30 months after the trial has ended.

Interventions

The Health Research Authority (HRA) has approved deferral of publication of the full details of the trial. The full details will be added to the study record within 30 months after the trial has ended.

Results and Publications

Individual participant data (IPD) sharing plan

The datasets generated and/or analysed during the current study are not expected to be made available because of their high commercial sensitivity and the negligible benefit to the public of publication of results of non-therapeutic clinical trials.
