Treatment

Health condition(s) or problem(s) studied

Mental and Behavioural Disorders: Insomnia

Interventions

1. Treatment group
2. Deferred treatment group

Intervention Type

Other

Phase

Not Specified

Primary outcome(s)

1. Sleep onset
2. Total sleep time
3. Wake time after sleep onset
4. Pittsburgh Sleep Quality Index
5. Disability days and service use

Key secondary outcome(s)

Not provided at time of registration

Completion date

01/08/2005

Eligibility

Key inclusion criteria

Patients referred by their GP, aged between 18 and 65 and needed to meet the APA criteria for insomnia

Participant type(s)

Patient

Healthy volunteers allowed

No

Age group

Adult

Lower age limit

18 years

Upper age limit

65 years

Sex

All

Key exclusion criteria

1. Psychosis
2. Significant cognitive impairment
3. Affective disorders of moderate to severe severity as diagnosed by ICD10
4. Insomnia secondary to medical illness requiring specific treatments

Date of first enrolment

01/10/2004

Date of final enrolment

01/08/2005
