## Additional identifiers

**Protocol serial number**  
HTA 02/35/02 - Incentive

## Study information

**Scientific Title**

**Acronym**  
MINT

## **Study objectives**

An incentive of a £5 gift voucher will increase the return rate of postal questionnaires in a large randomised controlled trial (RCT) evaluating conservative treatments for Whiplash Association Disorders (WAD).

The main trial "Managing Injuries of the Neck Trial - MINT" is registered with ISRCTN33302125.

Please note that, as of 03/09/2009, the anticipated start and end dates of this trial have been updated from 08/06/2006 and 15/05/2008 to 01/11/2004 and 31/03/2009, respectively.

## **Ethics approval required**

Old ethics approval format

## **Ethics approval(s)**

The trial was approved by the Trent MREC on 28/04/2004. Each participating centre received approval from LREC.

## **Primary study design**

Interventional

## **Study design**

Randomised controlled trial

## **Study type(s)**

Other

## **Health condition(s) or problem(s) studied**

Acute neck sprain (whiplash)

## **Interventions**

Randomised 1:1 ratio to receive incentive or no incentive with follow-up questionnaire, either 4-month follow-up or, for those participants that have already passed the 4-month follow-up, 8-month follow-up.

Schedule of chase-up by the study team:

1st telephone call: 1 week after questionnaire sent out

2nd telephone call: 2 weeks after questionnaire sent out

If the questionnaire was not yet returned at this point, a second copy of questionnaire was sent.

3rd telephone call: 1 week after second questionnaire sent out

4th telephone call: 2 weeks after second questionnaire sent out

## **Intervention Type**

Other

## **Phase**

Not Specified

## **Primary outcome(s)**

Questionnaire return.

**Key secondary outcome(s)**

Number of questionnaires returned without chasing by the study team.

**Completion date**

31/03/2009

**Eligibility**

**Key inclusion criteria**

Participants in the Managing Injuries of the Neck Trial (MINT; registered with ISRCTN33302125) that have returned their baseline questionnaire.

**Participant type(s)**

Patient

**Healthy volunteers allowed**

No

**Age group**

Adult

**Sex**

All

**Key exclusion criteria**

Does not match inclusion criteria

**Date of first enrolment**

01/11/2004

**Date of final enrolment**

31/03/2009

**Locations**

**Countries of recruitment**

United Kingdom

England

**Study participating centre**

University of Warwick

Coventry
